The intent of this contract is to outline the standards and behaviors that are expected of students who choose to participate in one or more online courses. ### **Student Expectations**

- Adhere to the code of conduct of your school and behave with integrity and honesty while participating in an online class.
- Read and acknowledge the district Acceptable Use Policy (AUP) regarding technology and the internet.
- Participate in each online course at least an hour per day per course, or more if needed, to maintain pace.

- Seek help from the online instructor or course provider as needed.

### **Parent Expectations**

Parents, because you have formally offered your support of this online experience, we would like you to help us and your student by doing the following:

- Ensure that your student has the necessary equipment and internet access to participate in the online course.
- Provide your student with a safe and appropriate place to work while at home (may require parent-provided transportation).
- Ensure that your student has sufficient time in his/her schedule to work each day in the course.
- Confirm with the school counselor or principal that the chosen course of study is consistent with your student's plan for graduation.
- Become familiar with the means by which you can receive progress reports and never be afraid to ask your student to show you his/her course work and progress.
- Encourage your student to seek help when stuck or frustrated.
- Ensure that all tests and work are done by your student without the aid of others.
- Be aware of all course deadlines and pacing guides.
- Communicate academic concerns with online instructors as needed.

### **District Expectations**

**District Expectations**

Parents and students can expect the following from their district and its employees:

- The school will develop an application and readiness process (see website) which will help students and parents make an informed decision about choosing to enroll in an online course.
- A school counselor or principal will meet with each parent and student to discuss this decision and determine if the course fits with the student’s graduation plan.
- The school will translate the course score given by the course provider into a grade and include it on the student’s transcript (secondary courses). This will include Incompletes (I) or Failures (F).
- If the student has an active 504 Plan or IEP, the district will help determine if the accommodations and support can be delivered virtually or would have to be modified.

**Students and parent fully acknowledge that success is largely dependent upon the work and effort put forth by the students. Students who are not successful may fall off pace to graduate and may have to pursue other means to make up credits.**
