Dear Parents and Guardians,

This is a reminder about the second semester exam waiver opportunity for high school in person learners. Students are eligible to earn exam waivers in their classes if they meet the established requirements.

These requirements have been shared multiple times with students and were also emailed to parents earlier in January. It is also attached to the bottom of the announcements. Exam waiver eligibility is based on attendance (including excused, unexcused, and medical absences), tardies, and meeting a minimum grade threshold.

If you have any questions, please contact Mr. Rogers.

Sincerely,
Robert Rogers

School Counseling Office

- ❖ It's that time of year that sets in motion the academic plan for students in the upcoming year; its course registration time and we are excited to help students make intentional, goal-oriented decisions about the classes they register to take next year.

Please be aware of some upcoming dates that will have class registration activities for your student:

- February 2nd, teachers from each content area will review with students the 'next best course in the sequence' each hour of the day.
- February 3rd, during Trojan Time, teachers will review with students the steps necessary to make their course selections, review the recommended tasks, look at the guide for classes offered that contains course descriptions, and show students where to make their counseling appointment to go over their course selections for the 26-27 academic year.

As you talk with your student about class registration for next year, be sure to engage in open-ended conversations that get you talking about their future plans. The reality is that each student's postsecondary plan is different which necessitates individualized paths to the goal. Like you, we want to help students achieve goals based on their individual needs. We are here to help and look forward to partnering with you and your students as they continue to chart their path forward. Please see below the dates we will be conducting one-on-one meetings with each grade level.

Second Semester Exam Waiver Policy

This policy is designed to reward consistent academic effort, attendance, and punctuality throughout the semester. Please ensure you meet all requirements to take advantage of this opportunity. For the second semester of the 2025-2026 school year, students who meet the following criteria will be eligible for an exam waiver. The waiver applies only to students enrolled in face-to-face classes.

Requirements for Face-to-Face Students

To qualify for an exam waiver, students must maintain the following standards including classes taken at the CTC.

1. Overall Attendance Policy:

- A student may not exceed **9 total absences** in any class. If a student has more than 9 absences they **will not qualify for a waiver in any class.**
- The absences that count toward this total are **excused, unexcused, and medical absences.**
- Note that 2 (two) tardies also equals 1 unexcused absence.

2. Academic Performance:

- Achieve a grade of **B (83%) or better** in the class(es) they wish to be exempt from up until the day of the exam.

3. Attendance Rate:

- Must have **5 or less absences** in the class they want to waive up until the Friday prior to exams as identified by Power School attendance program.

- All absences (excused/unexcused/medical) count toward the 5 absences.
- School-related absences (field trips, early releases for sports, etc) will not count toward the 5 absences.
- Note that 2 (two) tardies equal 1 unexcused absence.

Tardiness:

- Must have **2 or fewer tardies in each class that they otherwise qualify to waive** up until the Friday before exams.

Additional Reminders:

- Due to the fact that Fruitport High School contracts with third party vendors to provide virtual learning, students who are fully virtual or taking a virtual course in conjunction with their in-person schedule do not qualify for exam waivers in those virtual courses. Virtual students are **not eligible** for the exam waiver for their online/virtual classes.
- Students who receive **in-school suspension (ISS)** or **out-of-school suspension (OSS)** at any point during the semester will **not qualify** for the exam waiver.
- The tracking of absences and tardies for this policy will begin on **January 20, 2026**.
